CTO of Sign1News accepted into Forbes Technology Council

Forbes Technology Council Is an Invitation-Only Community for World-Class CIOs, CTOs, and Technology Executives.

Atlanta, October 5 — Sign1News is proud to announce its CTO, Jabari Butler, has been accepted into Forbes Technology Council, an invitation-only community for world-class CIOs, CTOs, and technology executives. Sign1News is an innovative award-winning media production company delivering news for the Deaf and hard-of-hearing community powered by CNN in American Sign Language (ASL).

Jabari was vetted and selected by a review committee based on the depth and diversity of his experience. Criteria for acceptance include a track record of successfully impacting business growth metrics, as well as personal and professional achievements and honors.

“We are honored to welcome Jabari into the community,” said Scott Gerber, founder of Forbes Councils, the collective that includes Forbes Technology Council. “Our mission with Forbes Councils is to bring together proven leaders from every industry, creating a curated, social capital-driven network that helps every member grow professionally and make an even greater impact on the business world.”

In addition to publishing thought leadership and expert insights with Forbes.com, Jabari continues to work on innovative technology projects with various organization and start-ups. His passion is to see companies and growing start-ups use technology and data to grow.

“Joining the Forbes Tech community is such a privilege,” says Jabari. “The opportunity to get receive feedback and collaborate with other technology leaders is so rewarding and valuable for the next steps in my career.”

ABOUT FORBES COUNCILS

Forbes Councils is a collective of invitation-only communities created in partnership with Forbes and the expert community builders who founded Young Entrepreneur Council (YEC). In Forbes Councils, exceptional business owners and leaders come together with the people and resources that can help them thrive.
